## Cosmos, Creator and Human Destiny *Answering Darwin, Dawkins and the New Atheists* Dave Hunt The Berean Call

Scientifically, both Creation and Evolution cannot be true. Quite simply, then, one of these belief systems is nothing more than a cruel “side show” perpetrated upon unsuspecting children and adults of all ages—while the other alone is meritorious of praise. Charles Darwin and Richard Dawkins both credit “natural selection” for the incredible diversity and complexity of life on earth. Can random chance processes explain the masterfully orchestrated performance of earth’s breathtaking complexity and unparalleled majesty?

Evolution was once almost unanimously rejected by the entire Western world, especially by leading scientists, a fact easily documented by citing Christians who are still looked to as the founders of modern science. Sir Isaac Newton gave us the most important scientific book ever written: *Philosophiae Naturalis Principia Mathematica*. Yet he wrote more about the Bible than about science. Robert Boyle is known as the first modern chemist. He endowed a lecture series, “The Boyle Lectures” (ironically still carried on at Oxford University, where Dawkins held forth as professor), “for proving the Christian religion against notorious infidels.”

In his latest impeccably researched volume, Dave Hunt skillfully dethrones the Darwinian imagination that has exalted itself against the knowledge of God—and, in the process, reveals fatal flaws in the logic of both cosmic and secular humanism. But this myth-busting volume is not typical of Creationist literature in recent decades. It reaches far deeper than science can look, probing the heart and mind to provide soul-shaking answers to the questions of human destiny that have not only plagued atheists and skeptics, but even most Bible-believing Christians.

## Stand at the Crossroads

*Wisdom From Those Who Have Been There and Done That*

**Fred DePold**

**VMI Publishers**

As a teen, one drink or hit might seem harmless. Exposing his own temptations, uses and addictions to drugs, Fred DePold shares how millions of Americans look back to that first choice as one that led to a lifetime of disappointments, broken lives and families, ruined relationships and even death.

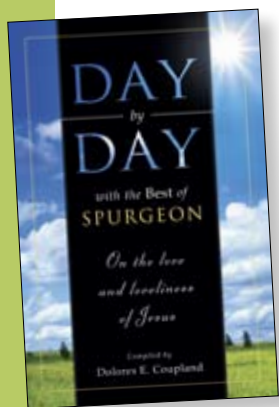

DePold's life of drug and alcohol abuse started casually as a teen. A beer here and a joint there turned into 20 years of struggle that affected his relationships with friends, family and acquaintances. He recognizes that partying can seem fun at first but in the long term it will destroy your life. *Stand at the Crossroads* is a firsthand look at the issues that one must face on whether or not to join the party. While some of the drugs have changed over the years, the effects on peoples' lives are the same, ruined and broken.

*Stand at the Crossroads* is written with the hopes that the millions of teenagers and young adults struggling or experimenting with drugs/alcohol and or thinking the drugs and or alcohol crowd is cool, will read this and take to heart the learning experiences of those that have gone before them. After reading his story DePold prays that they will turn from their addictions, make a u-turn and start living a different better blessed life.

The main theme of the book is base on scripture found in Jeremiah 6:16 (NIV): This is what the LORD says: "Stand at the crossroads and look; ask for the ancient paths, ask where the good way is, and walk in it and you will find rest for your souls. In this verse Jeremiah is instructing us to learn from others that have gone before us. In essence they have been there and done that. Listen to them learn from them and you will find peace. In an attempt to leave their addictions behind many have tried and failed. But many more have overcome their there destructive behavior. You can too! It's time to make a u-turn!

**Fred DePold** is an outreach Evangelism Pastor; Founder of Restoration Ministries distributing food to poor and needy; husband, father of three and grandfather.

## Apocalypse 2012

*What does the Bible say?*

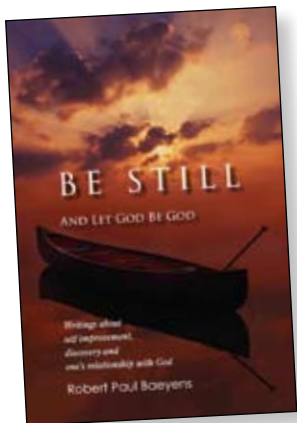

**John Claeys**  
**VMI Publishers**

Could recently fulfilled Biblical prophecy and significant recent events indicate that the countdown to Revelation has begun? Author John Claeys (Th.M., Dallas Theological Seminary), a long-time student of Bible prophecy, has keenly watched developments in the Middle East line up to usher in God's "Day of the Lord," a special seven-year era immediately preceding Jesus' return to establish God's kingdom on the earth. God has announced that this astonishing epoch may soon be upon us but are we ready?

The clock is ticking as the ultimate battle of good versus evil, of suffering and heroic rescue, builds toward an incredible climax.

*Apocalypse 2012* offers answers to the objection that we cannot know when this era will appear. However, as an attorney arguing his case, Claeys enters evidence that indicates this period may dawn sooner than we think!

## Be Still

*And Let God Be God*

**Robert Paul Baeyens**  
**VMI Publishers**

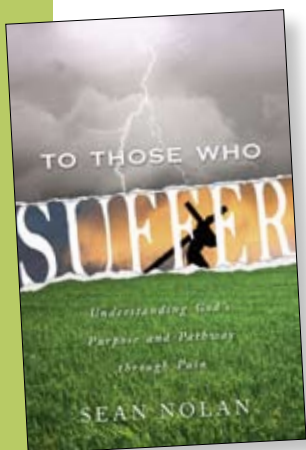

Being still is an art, something that takes practice. But like most things that are worthy of the effort, the reward is great. Getting in touch with God at this level is invaluable. Robert Paul Baeyens shares how being still before the Lord will help you make better decisions, have greater confidence and achieve happiness. *Be Still* challenges you to think beyond your normal surroundings and take a look inward, be honest with yourself, face the topics that are uncomfortable and commit to taking a stance. It also asks:

- Are we in control?
- Is there a God with an ultimate plan for us?
- Is there a choice to be made that affects us for eternity?
- Are there multiple paths to eternal existence?

To not make a choice is the equivalent of having one made for you.

**Robert Paul Baeyens**, married 22 years with 3 children, a contractor constructing churches in Southern California, educated in real estate development.

## To Those Who Suffer

*Understanding God's purpose and pathway through pain*

**Sean Nolan**

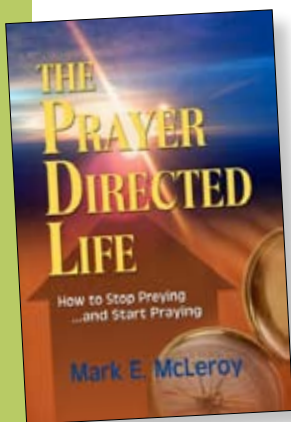

**VMI Publishers**

We often hold out for God to alleviate our circumstantial suffering or pain. But what about those who suffer and fall between the cracks of conventional Christian teaching? Those that don't have that luxury to have the horrific circumstance removed or reversed that has caused their hardship? The Lord will not reasonably reattach the legs of a person who has had both of their legs amputated or bring a women's husband of fifty years back from the dead. Does this mean that these people have no hope? There is a solution that doesn't depend on the transformation or relief of our circumstances.

The Lord will come through for us even if He doesn't change our circumstances.

You'll find that the Lord's hope is not found primarily in physical actions of change but in the actions of Christ on the Cross.

**Sean Nolan** lives in Sydney, Australia with his family and is a Pastor at Glorious Hope Baptist Church.

## The Prayer Directed Life

*How to Stop Preying and Start Praying*

**Mark E. McLeroy**

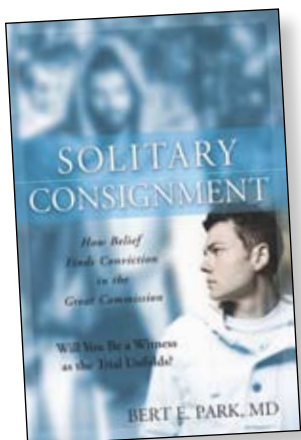

**VMI Publishers**

Have you ever wondered why God should listen to or answer our prayers? Or even questioned what prayer is in the first place, when and how we should pray and for whom and what we should be praying? If so, it is time to understand what prayer is about from God's point of view.

Prayer is not just about speaking to God; it is mostly about listening to Him.

Identify and overcome the things that hinder an effective prayer relationship with the Lord and find out why we are even entitled to come to Him in prayer. Taking an in depth look at what the Bible has to say about the subject, *The Prayer Directed Life* equips the believer to come before the Lord with confidence that He will provide detailed guidance, provide for our needs and respond to our petitions.

## Solitary Consignment

*How Belief Finds Conviction in the Great Commission*

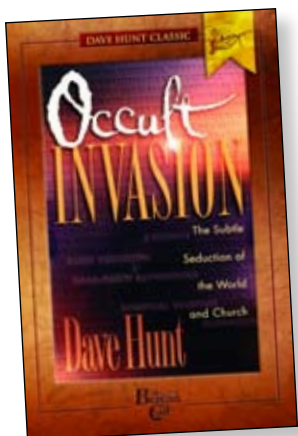

**Bert E. Park**  
VMI Publishers

Doctors perform procedures, but God is the Healer. In *Solitary Consignment* Dr. Bert Park, a neurosurgeon is called into the mission field. A real life story set as a trial complete with prosecution, defense and closing arguments, Dr. Park encounters some 25 'witnesses' and the timeless truths of Christ's Beatitudes as expressed in Matthew Chapter 5. He shares through his trial of life that only by investing our unique spiritual gifts to the fullest in Christ can one truly reap the benefits in our 'life saving' efforts.

Miracles don't lead to lasting faith; rather, faith merely affirms the miraculous.

Is the mere confession that Christ is Lord and a belief that God raised Him from the dead, all that's required? Will Jesus' verdict reveal that we are 'guilty as believers'? Or will we come up short?

## Occult Invasion

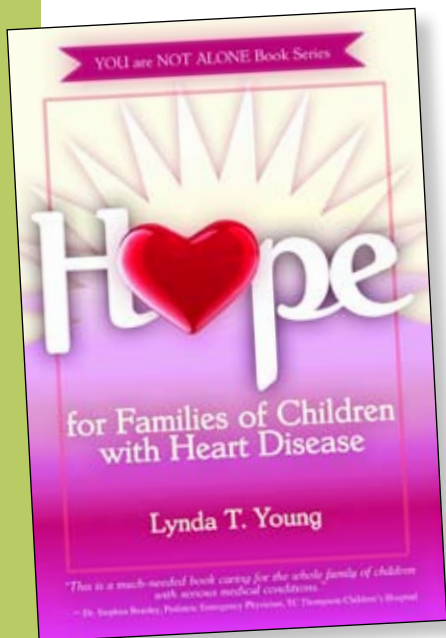

*The Subtle Seduction of the World and Church*

**Dave Hunt**  
The Berean Call

Occult beliefs march freely across America today, powerfully influencing our children, our society, our government, and even our churches. The deadly impact of Satan's dominion is seen in the rise of teen suicide, the increase in violence, and the immorality that pervades our society. Sharing the knowledge you need to protect your family from this invasion, noted cult expert Dave Hunt reveals: 1) How Satan's lies are being taught behind the academic respectability of science; 2) How demonic activities are presented as the path to enlightenment through "alien" contacts and paranormal experiences; 3) How pagan religions are being promoted through ecology and "we are one" philosophies; 4) How evil is being reinvented as good by psychology and the legal system; and more. Readers will discover how to exercise biblical discernment to ferret out and defeat the "wiles of the devil" in their own communities, learning how to lovingly but firmly take a stand against every thought that exalts itself against the knowledge of God.

Since 1973, **Dave Hunt** has steadfastly addressed the incursion, into Western culture and the church itself, of Eastern, psychological, mystic, and selfist philosophies, ecumenism, and other unbiblical teachings.

*Communism, Ecumenism and the New World Order*

**Dave Hunt**

**The Berean Call**

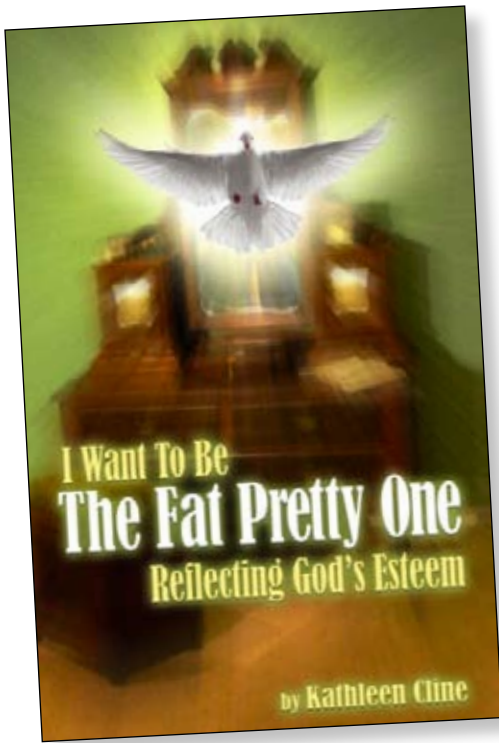

What in the world is happening? The answer may shock you. A drama so intense that the entire universe will feel its power is unfolding—yet at the same time, the prospects for world peace and safety have never seemed brighter. Could this be the peace that leads to the end of human history? So many predictions about the end of the world have proved false that even Christians are affected by a what-difference-does-it-make attitude. But someday, while people are saying, “Peace and safety,” destruction will come on them suddenly. Beyond a shadow of a doubt, centuries-old prophecies are today’s headlines. Is the world on the verge of receiving a new savior who will lead an unsuspecting global community to destruction—or is the Antichrist merely an outdated bit of biblical imagery? Noted researcher and author Dave Hunt provides the solid scriptural outlook on current events that you’ve been waiting for. *Global Peace* will give you the answers you need to make sense of world events and awaken your resolve to prepare for what lies ahead.

4 million copies of **Dave Hunt’s** books have been sold and have been translated into more than 50 languages.

## I Want To Be The Fat Pretty One

*Reflecting God's Esteem*

**Kathleen Cline**

**Anomalos Publishing LLC**

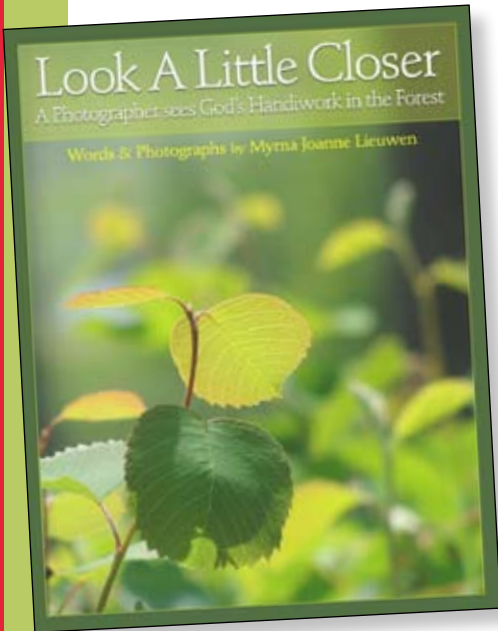

Ladies, why do we allow society to dictate how we feel about ourselves? How we style our hair. How we smell. What style we are wearing. Everything we present to the public is surface appearance. I am challenging every female to get together and work on your God esteem. By the end of the book I want you to be able to look into the mirror and see God. I want us to be so full of God that there is no doubt that you are a child of God's. We all come in different shapes and sizes. The difference though is one you are born with and the other, your rebirth, is a choice. How do you choose to allow the world to see you?

## Peace, Prosperity and the Coming Holocaust

### *The New Age Movement in Prophecy*

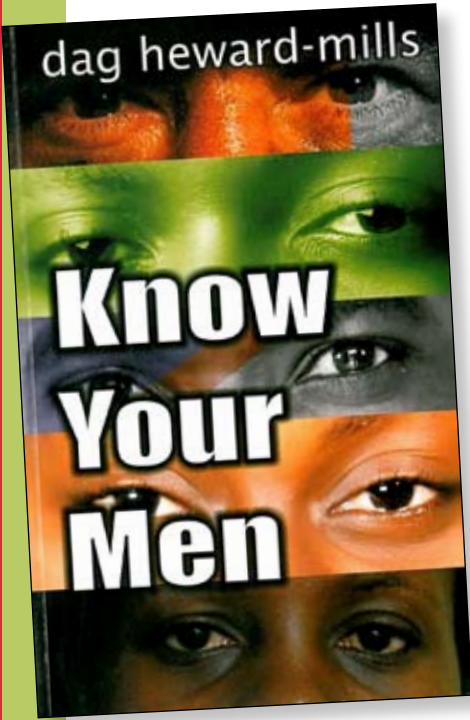

Dave Hunt  
The Berean Call

Are capitalism and free enterprise dead? Will a new economic world order be established prior to the reign of Antichrist? Will Marxism prevail as our next form of government? Have the “outrageous conspiracy theories” of the past several decades (regarding the planned, subversive dismantling of U.S. sovereignty and independence in order to bring about global government) been now cast aside—or vindicated? Are the current geo-political and economic signs of the times indicators of the prophesied Last Days and the soon return of Jesus Christ for His church? What’s next on the prophetic calendar?

In this timely reprint of Dave Hunt’s classic 1983 work, the author holds a remarkably steady balance between history and biblical prophecy that has withstood the test of time. The Bible declares that a one-world government and universal New Age religion are coming. When we take God’s Word seriously, says noted author and cult expert Dave Hunt, “a door swings open to fascinating new insights...provided only that we take into consideration certain factors that most ‘experts’ on the future—both Christian and non-Christian—have overlooked.” This is no ordinary gloom-and-doom forecast, but a startling revelation of facts not commonly known. Readers will gain valuable insight for today—and tomorrow—from this fascinating perspective Dave Hunt calls “a contrary scenario.”

Since 1973, **Dave Hunt** has steadfastly addressed the incursion, into Western culture and the church itself, of Eastern, psychological, mystic, and selfist philosophies, ecumenism, and other unbiblical teachings. At least 4 million copies of his books have been sold and have been translated into more than 50 languages. They include: *The Cult Explosion*, *The God Makers*, *The New Spirituality*, *The Seduction of Christianity*, *Global Peace and the Rise of Antichrist*, *Occult Invasion*, *A Cup of Trembling*, *In Defense of the Faith*, *An Urgent Call to a Serious Faith*, *What Love Is This?*, *Countdown to the Second Coming*, *Seeking and Finding God*, *Honest Doubts*, *Judgment Day! Islam, Israel, and the Nations*, and *Yoga and the Body of Christ*. For more than a decade, Dave challenged listeners weekly on the radio program *Search The Scriptures Daily*, broadcast over 350 stations in the U.S. and worldwide via shortwave radio.

## Know Your Men

Dag Heward-Mills  
Lux Verbi

In this book Dag Heward-Mills unveils the certain characters that you deal with in your ministry and who you should watch out for. You'll get to deal with doubtful men whose loyalty comes into question from time to time, dangerous sons who can turn on you like wild tigers, bad advisors who will not protect and help you and painfully disloyal people. Scoffers and mockers will always be part of the world we live in and they don't think much of you and actually despise you. This is a spirit that tries to shut up and intimidate you. Like in any other work environment, there is always a person that you should watch out for and that is why you should be able to recognize these certain traits that are taught in this book. The author also tells the reader to be grateful. "This world has six billion ungrateful people! This is what creates the discontentment, conflict and wars. There are people we must be grateful to," says Dag Heward-Mills in the conclusion of this book.

## It's A Girl...But Will She Live?

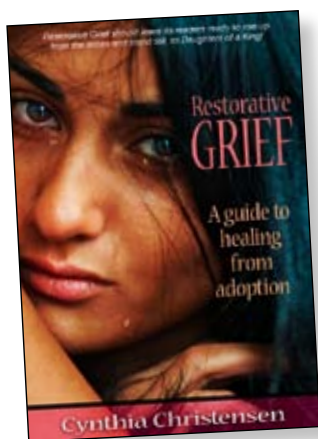

### *The Kathryn Blasco Story*

**Barbara Blasco, Marilyn Anderson**

**Anomalos Publishing LLC**

Kathryn Blasco was born April 3, 1979, with an occipital encephalocele (a cyst on top of her head which held a part of her brain) and severe microcephaly. Because it was infected, the doctors insisted she would not live more than a week. Her parents Barbara and Richard were devastated but determined to nurture and love their daughter until she was no longer with them. They expected, from what healthcare workers said, it would not be long. After five operations, intense therapy, high fevers, serious rectal bleeding and the collapse of the encephalocele, Kathryn had completely baffled the medical community. Although multi-handicapped, she was still alive! When Barbara and Richard became born again believers, God showed them His plan for them and Kathryn. They began a ministry, HIM (Hearts in Motion) with direction from Joni and Friends (Joni Eareckson Tada's organization) in their community. Their ministry now reaches out to countless disabled people. The Kathryn Blasco Story, Barb shares the miracles, lessons and encouragement she has learned from her experiences as the mother of a disabled child.

## Restorative Grief

### *A Guide To Healing From Adoption*

**Cynthia Christensen**

**Anomalos Publishing LLC**

Birthmother grief... a type of grief many don't know at all, yet some know all too well. The author, Cynthia Christensen, trudged through her own grief after the adoption of her son, Joshua. Being a private person, she did not want to do one-on-one counseling so she decided to travel the path with only one counselor—Jesus. Walking alongside Jesus proved to be not only healing but restorative, and life-changing.

While counseling at an adoption agency and talking with others whose lives have been touched by adoption, the author recognized that many post adoption birthmothers/birthfathers/family members never fully recovered from the grief of adoption. *Restorative Grief* is a bible study written for the sole purpose of restoring broken hearts and shattered lives, by dealing with the pain of separation that follows the extremely emotional events leading up to the relinquishment of a child.

Through her willingness to share the emotional and physical struggles she faced, Cynthia has used her experience to provide a step by step recovery process that will help lead the reader to a full recovery of mind, body and soul through the healing power and love of Jesus Christ. *Restorative Grief* should leave its readers ready to rise up from the ashes and stand tall, as Daughters of A King!

**Cynthia Christensen** and her husband Eric reside in the Phoenix, Arizona area with their two young boys.

*A Devotional*  
**Gretchen Jack Fleming, Ph.D.**  
**Anomalos Publishing LLC**

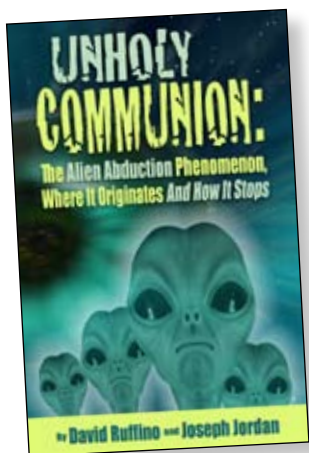

This is a love story. Ruby Jack received a diagnosis of Parkinson's disease while in her fifties. Over twenty-five years, she and her family have watched in dismay as the disease has robbed Ruby of her amazing abilities to play the piano, golf, swim, take long walks in the woods, decorate homes and talk about God's mercy and grace. Now, it appears to anyone observing her frozen features, to anyone seeing her inability to talk, walk, feed herself, that her life is over. But God is not done. He loves Ruby and she knows it. Daily, she chooses to serve Him, to claim Him as her love and to rejoice in His grace. As a result, Ruby's choices have impacted many for God's glory. This book encourages all who face tough times or who are caregivers for those in need. God is not finished. His love and mercy are still with us even in the darkest hours before death. Each devotional provides a Scripture for focus and a story of how this woman of faith touched a life for Christ as she battles Parkinson's. It is a Christian perspective of Tuesdays with Morrie, so to speak. Ruby's choices point the reader toward heaven, toward God's love, not just on Tuesdays but daily.

## Unholy Communion

*The Alien Abduction Phenomenon – Where It Originates And How It Stops*

**David Ruffino, Joseph Jordan**  
Defender Publishing, LLC

They usually come at night. They may take one person, a couple or an entire family. They have no racial or social preference; they have abducted people from all walks of life to mysterious bright rooms where they conduct unusual procedures. The phenomenon has come to be called “Alien Abduction” in pop-culture—where entities claiming to be from distant star systems whisk people away into bizarre and unwanted test beds. Now, for the first time, it is revealed through analytical duplication what for the past two decades a team known as the CE4 Research Group has discovered using guidelines for redundancy similar to methods employed by scientists and investigators to illustrate repeatability and thus “cause-and-effect.” Having documented more than 300 actual test cases, “experiencers” (as they are called in abduction communities) have witnessed their abuse permanently stopped due to this research. In essence, they have been “cured” of an unknown malady through what most in the public will find to be shocking, disturbing or a confirmation of faith—the power of Jesus name.

**David Ruffino** has researched UFOs and abduction for over 45 years. He’s an alien abduction counselor, an ordained minister and has spoken in Roswell and on radio shows. **Joe Jordan** is a 16 year Field Investigator for the Mutual UFO Network, president of CE4 Research Group and co-founder of PAAPSI.org.

## Pyramid of the Ancients

*A Novel about the Origin of Civilizations*

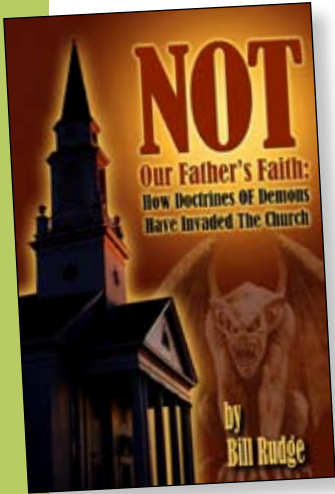

**Keith Robinson**  
Defender Publishing, LLC

Buried deep beneath the sands of Iraq, a team of archeologists led by Jeffrey Evans uncovers an ancient chamber filled with mystery. In addition to the strange corpses and leather-bound tomes, the team discovers that the chamber also houses a nearly complete, two-story pyramid. Following the instructions contained in the tomes, a team of scientists and specialists complete the mysterious structure, which they believe to be a kind of space craft. However, when they are forced to activate the pyramid due to a surprise attack from an unknown adversary, Jeffrey, his wife Rebecca and the rest of his team are launched into a journey that threatens their lives, their relationships and their beliefs.

As they face vicious dinosaurs, primitive Mayans, ancient Greeks and ice age cavemen, they begin to wonder about the true purpose of the pyramid. Is it a spacecraft, an inter-dimensional device, a time machine or something else? And more importantly, where or when, is it taking them and will they be able to find their way back home?

**Keith Robinson** has a Bachelor of Arts and a Master Degree. Keith is from Kenosha, Wisconsin.

## Not Our Father's Faith

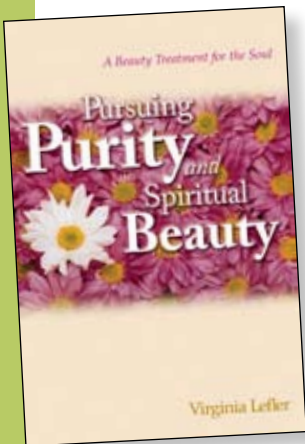

*How Doctrines Of Demons Have Invaded The Church*

**Bill Rudge**  
Defender Publishing LLC

While the Church was fast asleep, strange intruders pried open the back door and mysteriously crept in. They violated God's sacred Church with ideas foreign to His Word. Encouraging believers to turn their hearts and minds away from sound doctrine, they promoted emotional experiences and strange phenomena more akin to ancient paganism than Biblical Christianity.

Through this straightforward and hard hitting book, internationally known evangelist Bill Rudge sounds the alarm. Well researched and balanced, *Not Our Father's Faith* illustrates how the occult has subtly penetrated modern houses of worship.

## Upside Down Living

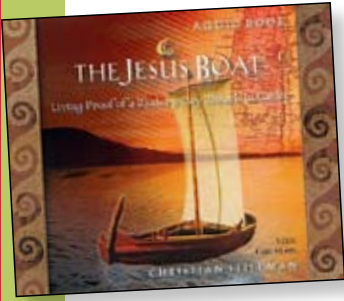

*A Template For Changing Ourselves And The World From The Book of Acts*

**Greg Laurie**  
**Allen David Books**

“These Who Have Turned The World Upside Down Have Come Here, Too.” Acts 17:6 That’s what the world had to say when the Christians came to town. “These men who have caused trouble all over the world...!” In the pages of the book of Acts, many in the established order thought of believers in Jesus Christ as agitators and trouble makers. The apostle Paul himself seemed to provoke a mini-riot wherever he turned-spending more time in jail than in church! But the resurrected Christ was at work in those days, shattering darkness, snapping chains, breaking boundaries, healing broken lives, saving souls from the clutches of Satan and filling the lives of His followers with His mighty Holy Spirit and unparalleled joy. In this exciting overview of the Book of Acts, Greg Laurie reminds us that our mission as believers has never changed. Today, just as it was 2,000 years ago, those who belong to Christ need to make a seismic impact on their culture-and turn an upside down world rightside up!

**Greg Laurie** is the pastor of Harvest Christian Fellowship (one of America’s largest churches) in Riverside, California.

*Living Proof of a Modern Day Miracle in Galilee*

**Christian S. Stillman**

**Jesus Boat, Inc.**

STEP BACK INTO HISTORY to the Sea of Galilee. The year is 1986 and a record drought yields a long-untouched historical artifact. Two fishermen are first to spot the ancient vessel jutting out of the sand along the banks of the Sea of Galilee. Through extensive Carbon-14 testing, the boat is scientifically proven to be 2000 years old--dating back to the exact time and place of Christ's ministry in Galilee. Worldwide, this is the only vessel of its kind known to have survived so long in fresh waters.

Could this be the boat of Jesus Christ? Read *The Jesus Boat*, and discover the facts surrounding this miraculous story of survival.

## West Oversea

*A Norse Saga of Mystery, Adventure and Faith*

**Lars Walker**  
**NewLife Book Distributors**

Lars Walker's third novel about the Vikings begins in the year 1001. King Olaf Trygvesson is dead but his sister's husband, Erling Skjalgsson, carries on his dream of a Christian Norway that preserves its traditional freedoms. Rather than do a dishonorable deed, Erling relinquishes his power and lands. He and his household board ships and sail west to find a new life with Leif Eriksson in Greenland. This voyage, though, will be longer and more dangerous than they ever imagined. It will take them to an unexplored country few Europeans had seen. Demonic forces will pursue them but the greatest danger of all may be in a dark secret carried by Father Aillil, Erling's Irish priest. Illustrated.

**Lars Walker** is a native of Kenyon, Minnesota and lives in Minneapolis. He has worked as a crabmeat packer in Alaska, a radio announcer, a church secretary and an administrative assistant and is presently librarian and bookstore manager for the schools of the Association of Free Lutheran Congregations in Plymouth, Minnesota. He is the author of four previously published novels and is the editor of the journal of the Georg Sverdrup Society. Walker says, "I never believed that God gave me whatever gifts I have in order to entertain fellow Christians. I want to confront the world with the claims of Jesus Christ."

## In Defense of the Faith Volume One

*Biblical Answers to Challenging Questions*

**Dave Hunt**

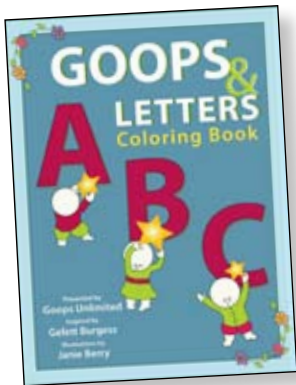

**The Berean Call**

With the keen eye of an experienced treasure hunter, the author helps readers probe and unearth the incredible wealth of guidance found in God's Word. The resulting adventure will not only strengthen the faith of believers but equip them to live daily according to His revealed truth in an increasingly hostile world. "God says it and I believe it." Issue settled, right? Or wrong? This common response may satisfy the faith of some who struggle with answering difficult questions—but such a reply does little to ward off assaults from skeptics, let alone "convince the gainsayers" by intelligently "giving a reason of the hope that is within you" (1 Peter 3:15). Sadly, most critics who wield tough questions with sarcasm do not expect an intelligent response; and tragically, many dismiss the truth when they do get one. However, what about those who legitimately question the Christian faith—including weak or battle-weary believers whose spiritual convictions may be hanging by a thread? This fascinating book can be a great help by itself, or used in conjunction with the audio series to assist listeners—sincere skeptics and believers alike—with more than 40 years' experience in seeking (and finding) biblical answers to life's most challenging questions:

- \* Why does God allow suffering and evil in the world?
- \* What about all the "contradictions" in the Bible?
- \* Are some people predestined by God to go to hell?
- \* Why would a merciful God punish people who have never heard of Christ?
